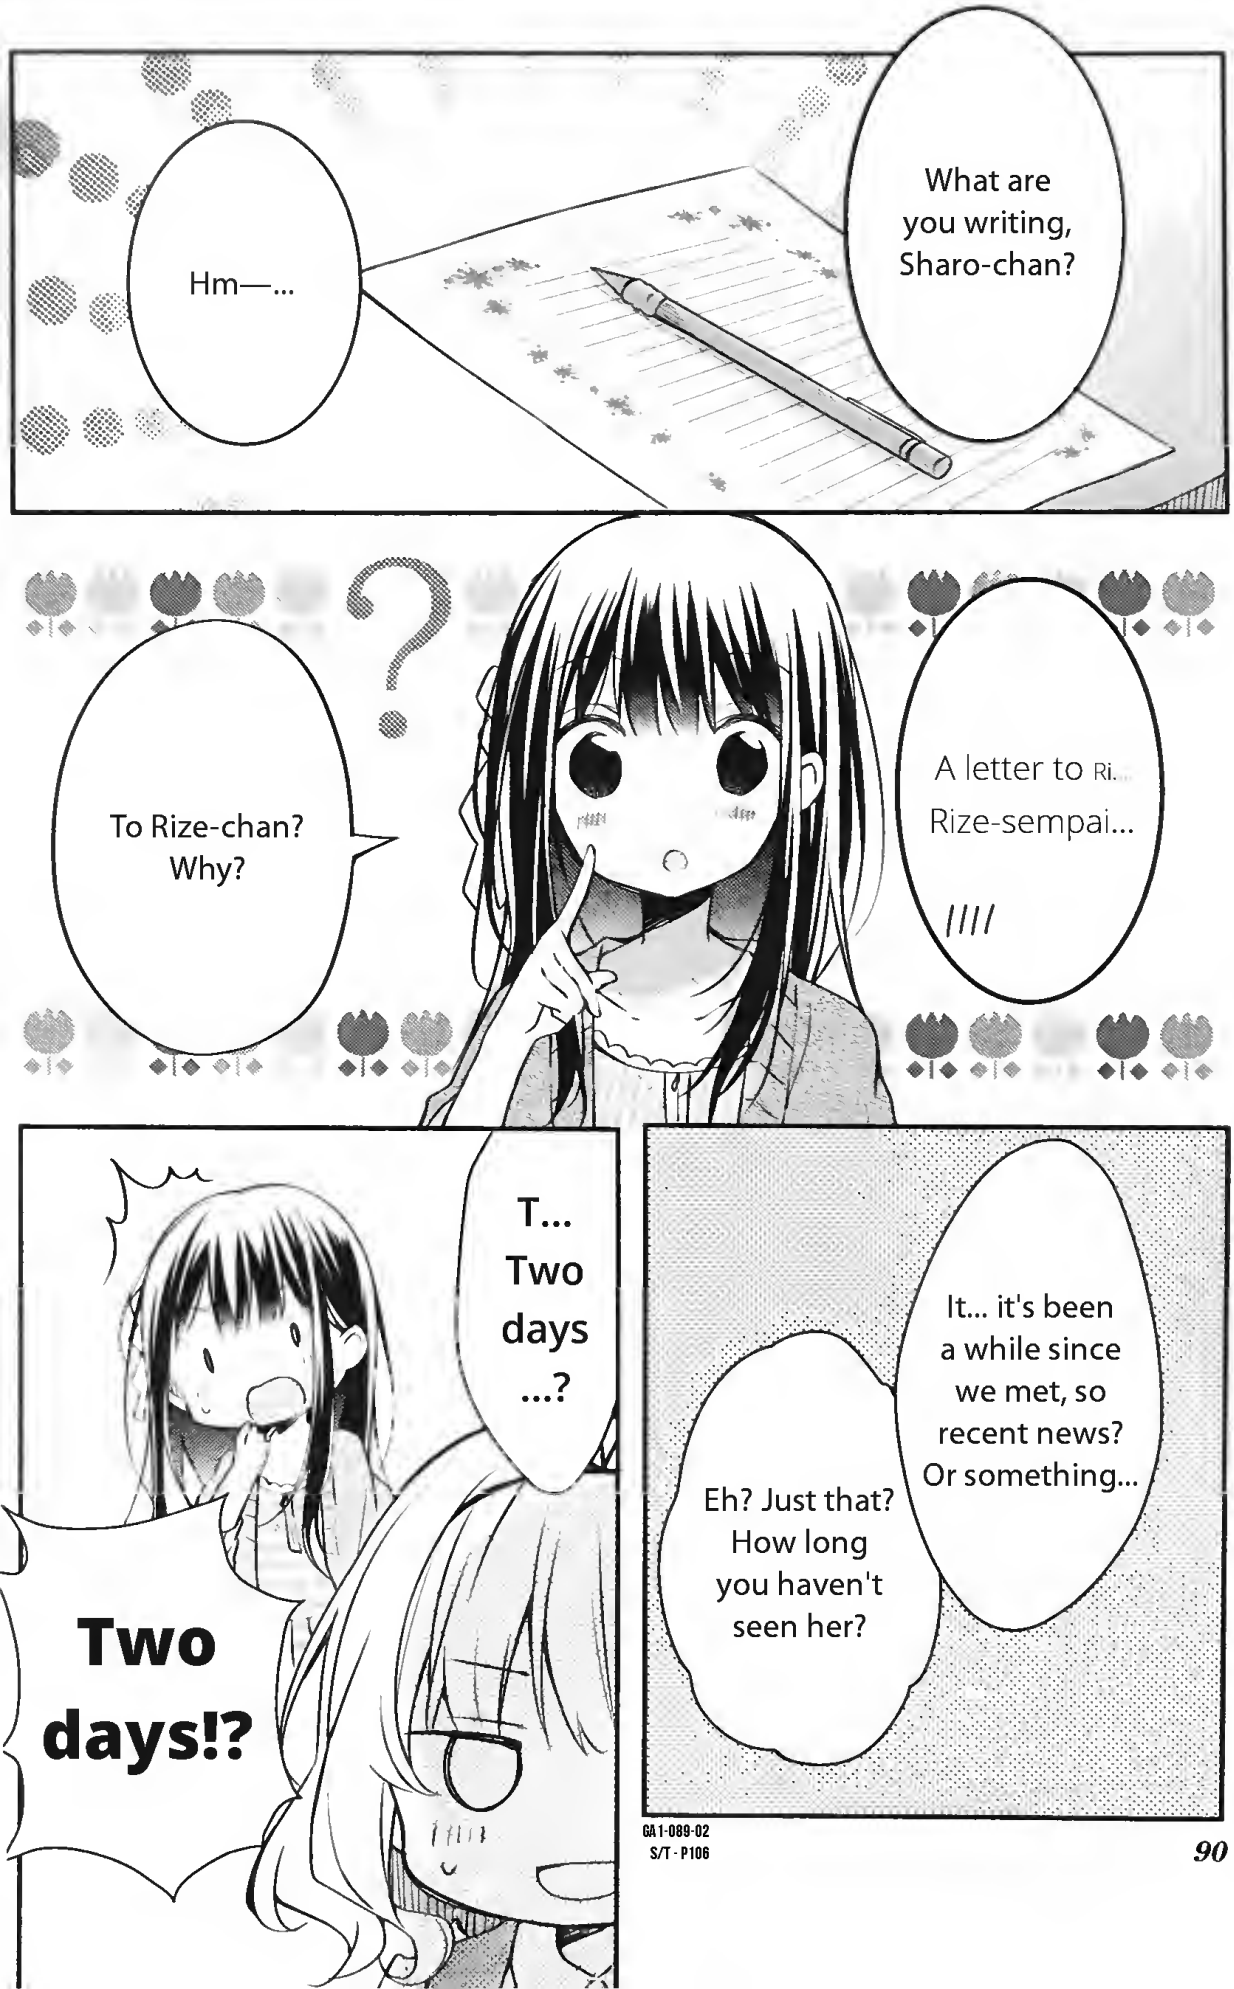
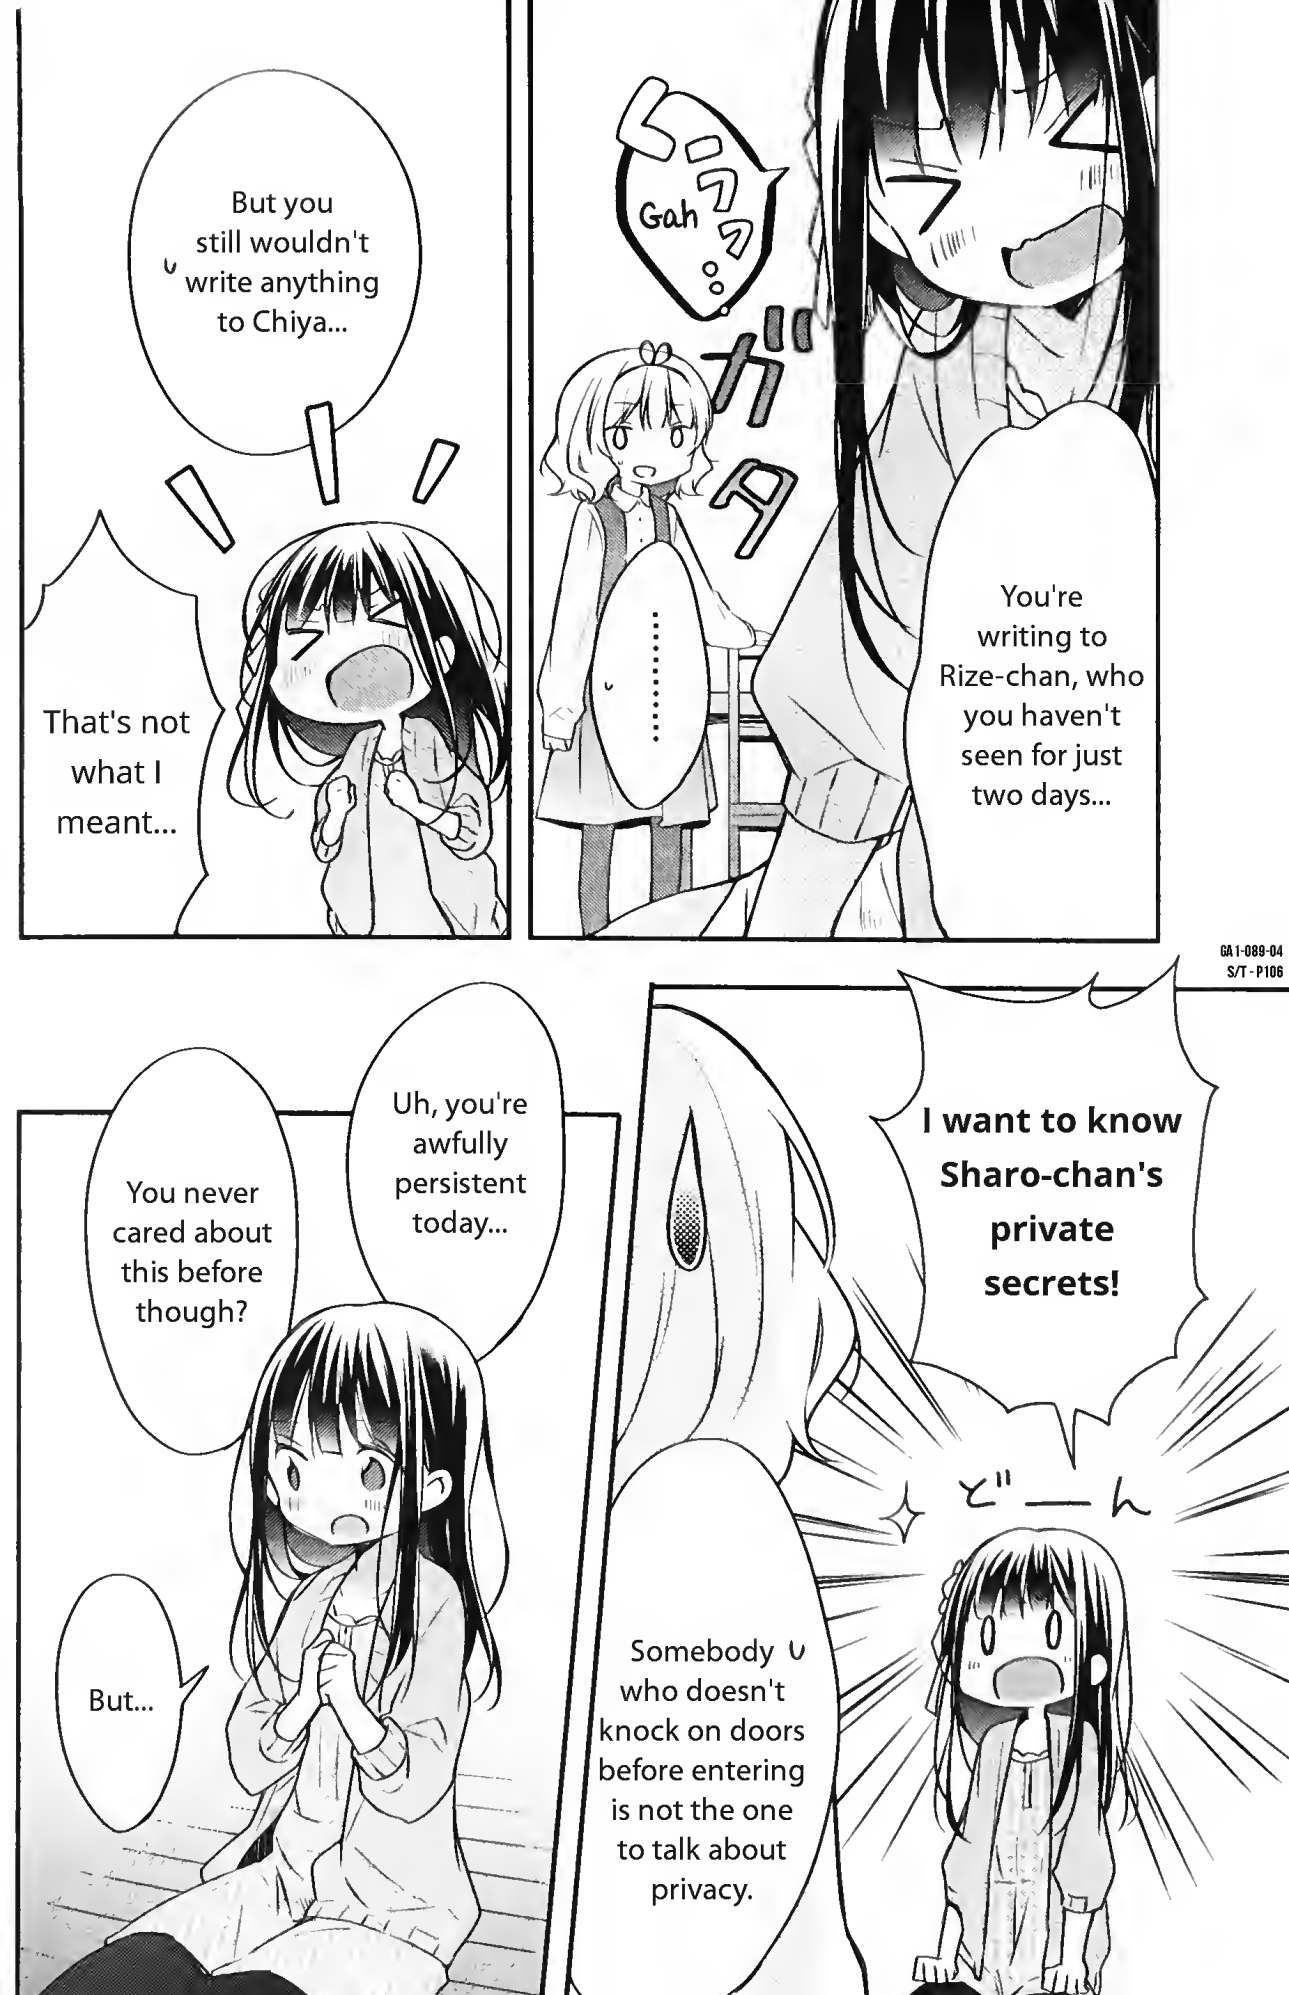
DEAR RABBIT

Presented by Meno



What are you writing, Sharo-chan?
Hm—...
A letter to Ri... Rize-sempai...
////
To Rize-chan? Why?
It... it's been a while since we met, so recent news? Or something...
Eh? Just that? How long you haven't seen her?
T... Two days ...?
Two days!?

Oh, Sharo-chan, it's because you really like Rize-chan don't you~
Uwaa! Too hard!
Eh ~ ?
I also want a letter from Sharo-chan...
Chiya, you're my neighbor, I can always just tell you instead of writing a letter, right?
Not fair!



You're writing to Rize-chan, who you haven't seen for just two days...
Gah
ガタ
.....
But you still wouldn't write anything to Chiya...
That's not what I meant...

I want to know Sharo-chan's private secrets!
どーん
Somebody who doesn't knock on doors before entering is not the one to talk about privacy.
Uh, you're awfully persistent today...
You never cared about this before though?
But...

A letter is written while thinking only about the other person, isn't it?
That's what makes it so special...
If only once in a while I was the only one you're thinking about...
I know you admire Rize-chan, so it's alright, but...

That's
quite special,
isn't it?

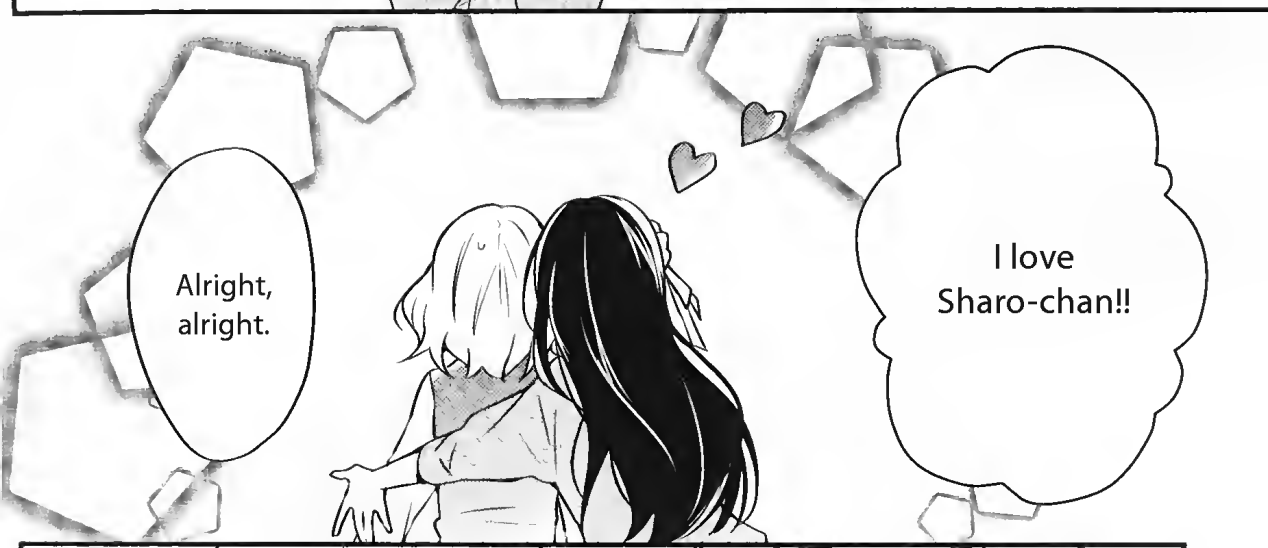
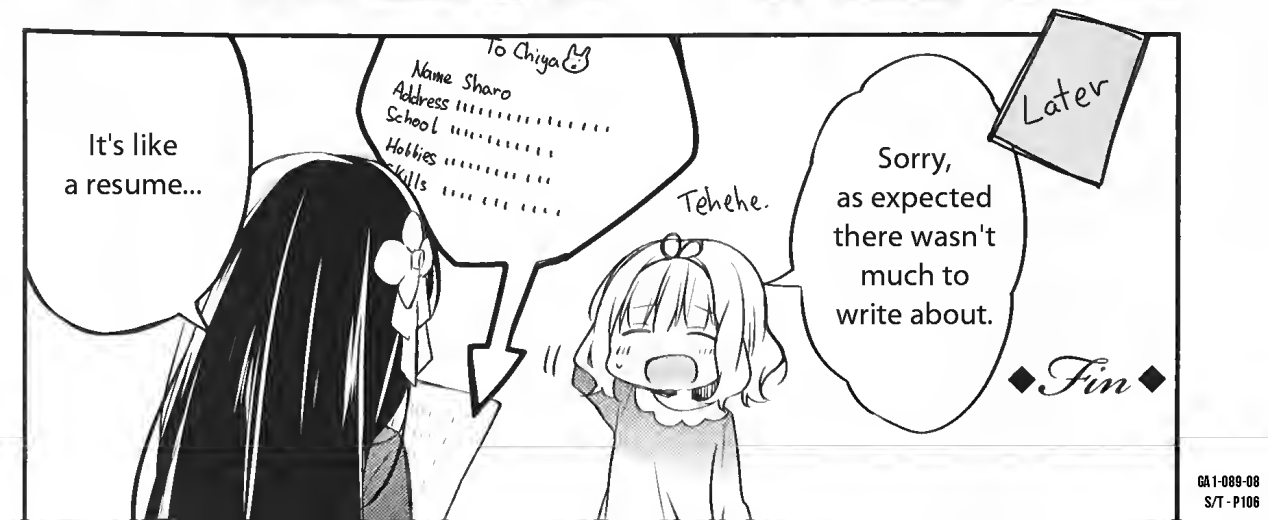
A-anyway, I'll write you a letter just this once.



Alright, alright.
I love Sharo-chan!!



It's like a resume...
To Chiya
Name Sharo
Address .....
School .....
Hobbies .....
Skills .....
Tehehe.
Later
Sorry, as expected there wasn't much to write about.
